Post CCST Appointment on a Fixed Term Training Contract in Orthodontics

Applications are invited for one Post CCST appointment in Orthodontics based at:

- University Dental Hospital with Cardiff and Vale University Health Board and Royal Gwent Hospital in Aneurin Bevan Health Board

This post is suitable for trainees who will have gained a CCST or are within three months of obtaining their certificate and can proceed directly onto a fixed term appointment for two years.

Progress in the programme will be subject to satisfactory annual review. The normal duration of training will be as determined by the GDC's curriculum for the specialty.

Successful completion of the training programme will culminate in satisfactory completion of the ISFE examination.

It will be necessary for all successful applicants to be subject to pre-employment checks, including a Disclosure & Barring Service Check.
