Our Ref: DLIB/FOI/15-02-23

Date: 15 March, 2023

Thank you for your request for information under the Freedom of Information Act, received on 15 February, reference number FOI/15-02-23. I can confirm that Health Education and Improvement Wales (HEIW) has completed a search of its records and has established that it does not hold information falling within the confines of your request. Please find below the response to your request.

Please advise whether the NHS Wales has set aside or allocated or otherwise budgeted (whatever accounting term may be used) for the cost of treating adverse reactions to covid-19 vaccines. Please advise of the amount of cost and the period covered, for example if that be for five years or ten years etc and dates of such period.

HEIW is a unique organisation in NHS Wales, established in October 2018 as a Special Health Authority with a leading role in the education, training, development, and shaping of the healthcare workforce in Wales. HEIW is not a provider of direct patient care. We have not set aside or allocated or otherwise budgeted for the cost of treating adverse reactions to Covid-19 vaccines.

In order to comply with our duty to advise and assist, as set out in section 16 of the Freedom of Information Act 2000, please see below the link to the Welsh Government website 'Health in Wales' which provides information and links to the Health Boards and NHS Trusts within NHS Wales.
