Where We Started

- Working together to promote "truly integrated care" has been within the Powys Teaching Health Board (PTHB) values since 2014.

- In a small rural community health board spanning a vast geographical area, interprofessional working, knowledge and practice has been paramount to provide quality and safe patient centred care.
- **Informal provision of multiprofessional engagement for students:** Making it difficult for students to evidence
- **Interprofessional education (IPE) used to support staffing:** Sickness, annual leave or to provide educators with a break—likely due to lack of awareness of the benefits of interprofessional education.
- **Minimal information with regards to IPE opportunities within the Educational Audits**
- **Lack of staff awareness of HEIW student placement plan.**

INTERPROFESS… EDUCATION R…

Legislation Introduced

The Present and Future

- **Established, permanent Interprofessional PEF team:** (3 x Nursing PEF, 1 x Midwifery PEF, 1 x Multi-Professional (AHP) PEF)
- **Interprofessional student exchange (Round Robin)** arranged by PEF team.
- **IPE Events Calendar:** Formal education opportunities to discuss interprofessional areas/ issues with the multidisciplinary team. E.g. Learning disability champion event, falls, equality and diversity.
- **Simulation suite IPE learning events.**
- **Interprofessional Clinical Skills training.**
- **Student attendance at existing interprofessional events:** Preceptorship programme, head of service meetings, chat to change forums.
- **Schwartz Rounds**
- **Interprofessional Student Intranet page with resources to access IPE learning.**

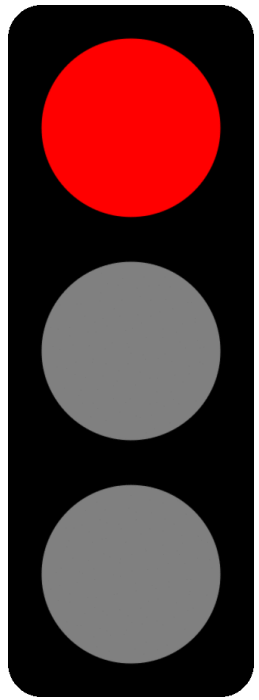

- **Encouragement for Students to attend internal training events -** relevant to their experience alongside educators whilst on placement.
- **Student newsletter**
- **Development of a training app.**
- **Primary Care and Third Sector teams Additional practice learning (APL)** Across all health and social care undergraduate / post graduate courses.
- **Role emerging placement opportunities for experienced students.**
- **Career Progression via Interprofessional Preceptorship Programme.**
- **Proactive awareness of educational audits** for both educators and students and the IPE opportunities listed within them.
- **Actively seeking feedback to enhance IPE/APL experiences going forward**

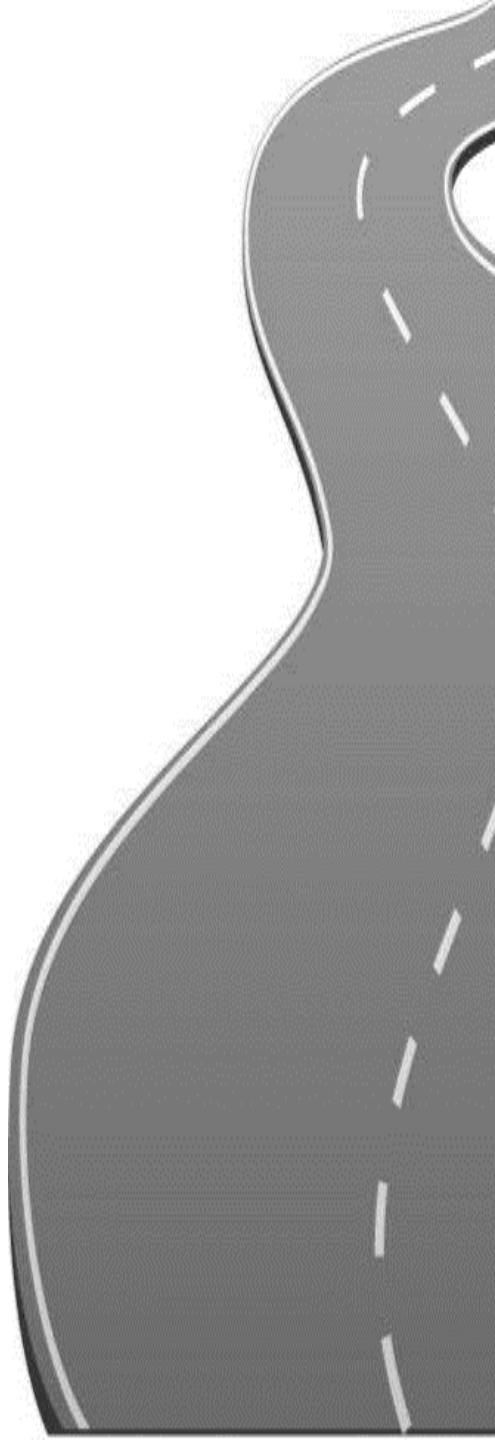

Interprofessional Education Rd.

Introductions

Jennifer Gough
Midwifery Practice Education Facilitator (PEF)

Lauren Pugh
Multi-Professional Practice Education Facilitator (PEF)

Sarah Le Gat
Nursing Practice Education Facilitator (PEF)

Sue Duff
Nursing Practice Education Facilitator (PEF)

Where we started with IPE as a PEF team

- Truly integrated care
- Rural Community Health Board
- Support staffing
- Lack of awareness
- Limited Educational Audits
- Limited Staff awareness

Key Documents, Drivers and Legislation

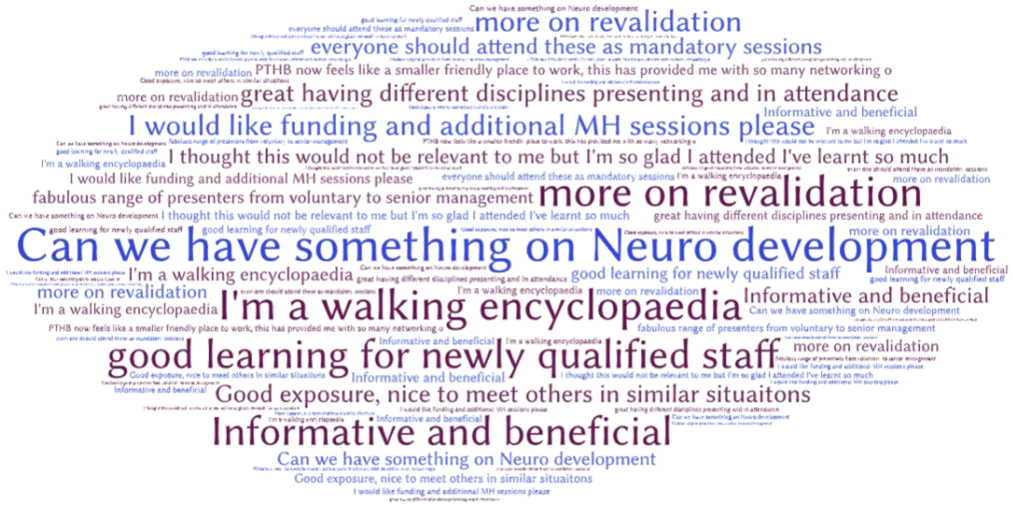

The Present

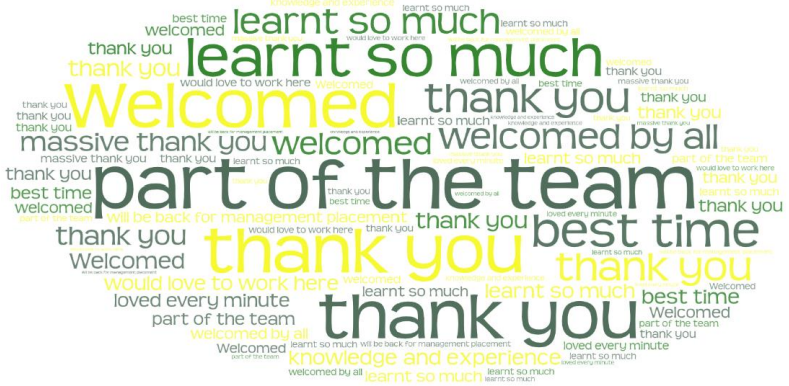

- Interprofessional PEF team.
- Shadowing opportunities
- Seeking feedback
- Primary Care and Third Sector teams Additional practice learning (APL).
- Student attendance at existing interprofessional events.
- Attend internal training
- Educational audits

Feedback

more on revalidation
everyone should attend these as mandatory sessions
PTHB now feels like a smaller friendly place to work, this has provided me with so many networking o
great having different disciplines presenting and in attendance
I would like funding and additional MH sessions please
I thought this would not be relevant to me but I'm so glad I attended I've learnt so much
fabulous range of presenters from voluntary to senior management
more on revalidation
Can we have something on Neuro development
I'm a walking encyclopaedia
good learning for newly qualified staff
Informative and beneficial
Good exposure, nice to meet others in similar situaitons

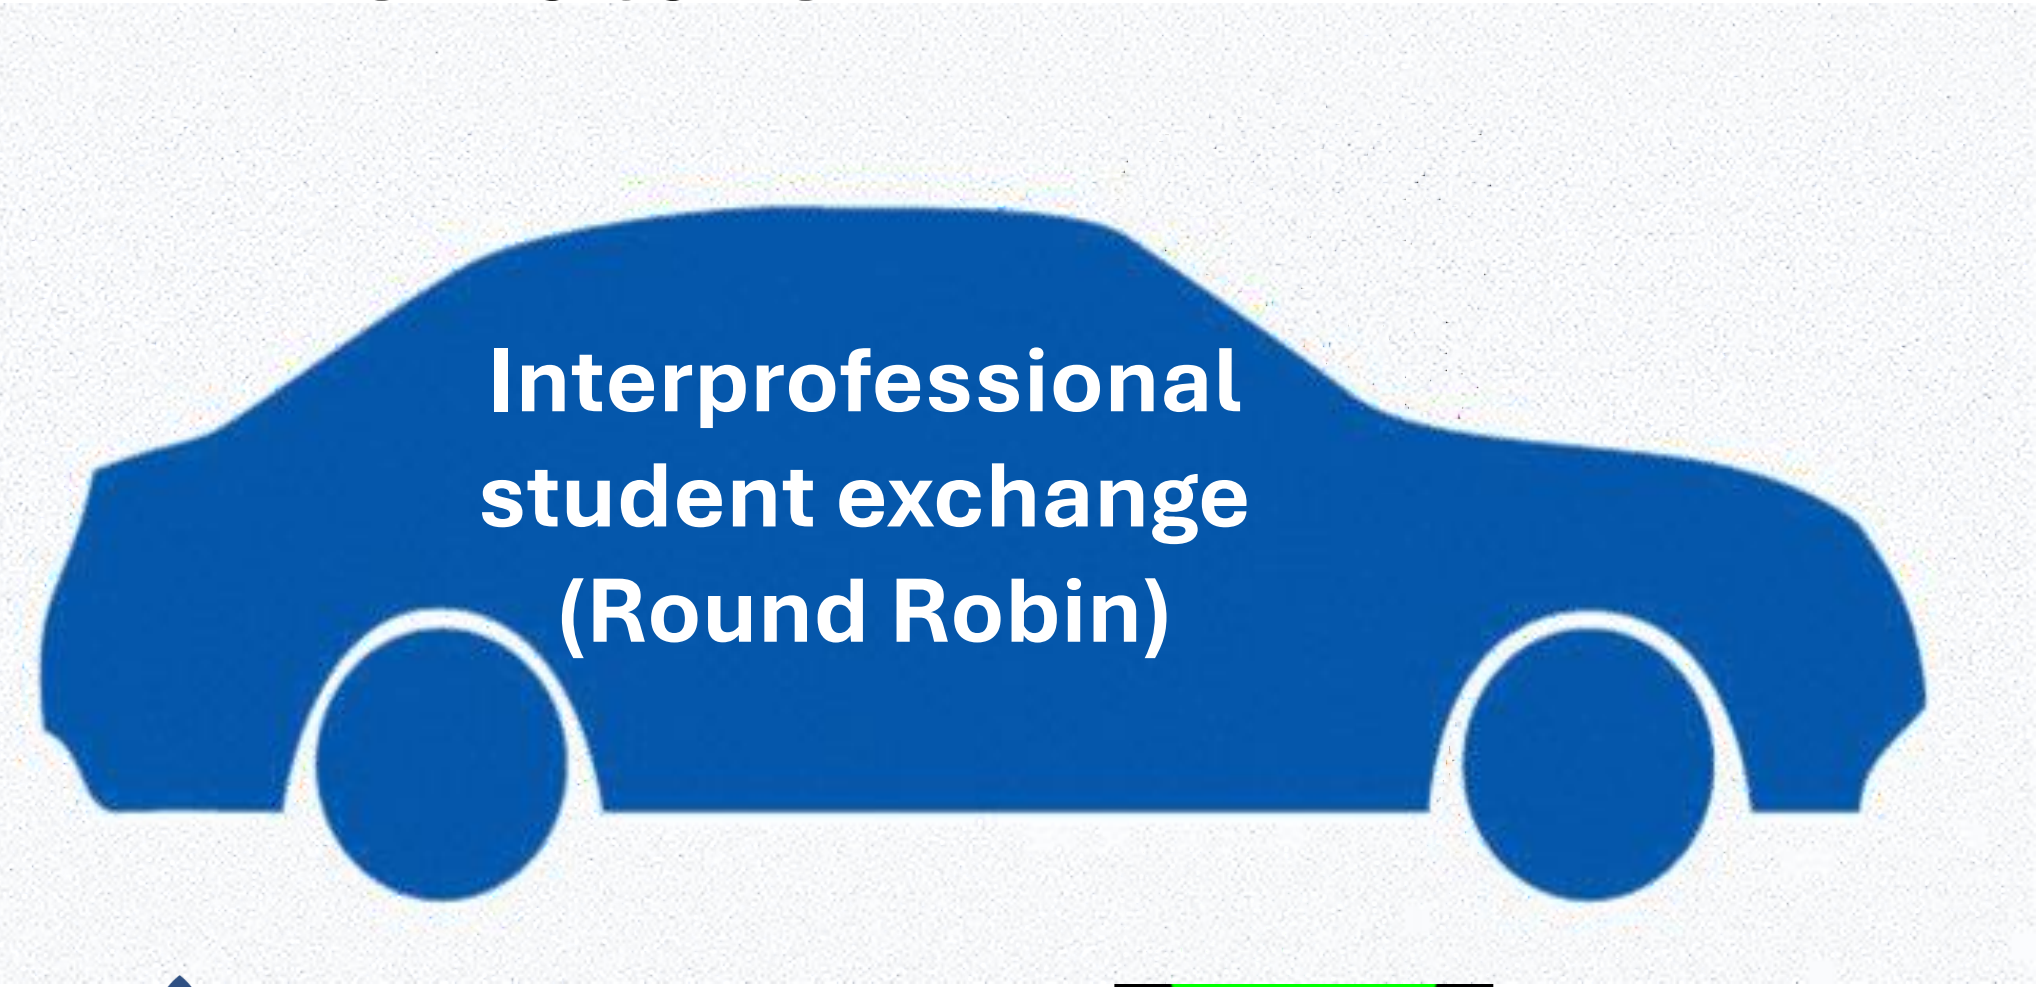

SUPPORT
ENCOURAGEMENT
