

WALES' DENTAL THERAPIST FOUNDATION TRAINING SCHEME

The first to be developed in the UK

DENTAL THERAPISTS – APPLY NOW!

New graduates: gain experience in all aspects of your scope of practice. Your certificate of completion will enhance your employment opportunities!

Experienced therapists: are you not using your full scope of practice? Here is an opportunity to re-visit techniques and areas of dentistry you have not used in a while.

Prepare for contract reform and a wider skill-mix: dentistry is changing; this is an opportunity to be ahead of the game.

- 12 month programme
- Stable, fixed salary (£30,401 pro rata)
- 2 days' work per week in general practice (£12,160.40)
- Use of full scope of practice
- Support from an experienced trainer within the practice
- Monthly tutorials on topics of your choice
- 12 study days on issues relevant to dental therapy
- The scheme covers the whole of Wales, from beautiful Anglesey to the vibrant capital city of Cardiff

Examples of Study Days:

- Caries detection and removal
- Cavity preparation
- Restoration techniques and Hall Crowns
- Extraction techniques
- Financial advice
- Photography and Radiography
- GDC core topics
- Dental Therapist career advice

The Wales Scheme has changed its application process. With two intakes a year (March and September) don't wait to apply! Contact Kath Liddington now for more information about start dates and application procedures.
