

UK Career Pathways for Doctors (NHS)

Follow this map from bottom to top

- Post-Register Options
- Progression subject to competencies
- Competitive entry – Training only
- Competitive entry – Hybrid path
- Alternative move possible at any stage
- Registration

Clinical Academia
Experience can occur at any level.
Can be informal, via PG studies, HE roles, fellowships, or integrated within training e.g. IAT/WCAT/TOOP

Entry requirements

- May be 1st degree or Graduate Entry Medicine Degree (GEM). Public Health Specialist Training entry possible with other degrees.
- Non-UK 1st degree with or without a pre-registration year. Must meet UK right-to-work criteria.
- Can join the pathway at any point if they meet the relevant job requirements and UK right-to-work criteria.

Considerations

- Degree length may vary
- Degree must have GMC-approved curriculum
- Has experience and some GMC competencies
